A NUMBER OF ACCIDENTS.

Several People Badly Hurt in and Near Town Yesterday.

Yesterday afternoon a small boy started to drive a buggy from Peter Erb's livery stable out into East Wheeling. At the corner of Chapline and Eleventh streets the horse shied and started to run off. The boy was thrown out and the back of his head and neck badly cut, and the buggy collided with a post and was almost entirely demolished. The horse was unhurt.

Yesterday a colored man named Milton Carter and another man were sitting in a box car near Forty-eighth street, and the other man was examining a revolver, when it was accidentally discharged and the ball entered Carter's left instep. He was brought to the city building, and from there was sent to the Infirmary.

Brakeman St. Myers, of the Terminal road, in coupling two freight cars on a curve got on the inside instead of the outside rail, and the cars came together so closely as to nearly crush the life out of him. The print of the bumper was left on his hand. He will be laid up for some time, and may be internally hurt.

Maud Brandt, of Benwood, fell from a second story porch to the ground, and received internal injuries of a serious character.

A man named Miller, living up Boggs run, was thrown from his wagon by the team running away, and seriously cut and bruised.

There were three pretty severe accidents at the Riverside tube works last night. One man had his leg broken and his arm hurt by a mass of metal falling on him. Another was painfully burned and a third had his hand severely cut and torn. None of the names could be learned, nobody outside of the mill seeming to know who the injured men were. They were taken to their homes. They will all recover, not being dangerously hurt.

Last night about 11 o'clock a buggy containing Mr. Fulkenstein, of East Wheeling, and another man, was badly wrecked out on McColloch street by running into a stone pile.

Yesterday morning Mr. Charles Driehorst had a very narrow escape. He was driving down Main street and as he neared the railway crossing a Baltimore & Ohio engine approached, which he did not see. The flagman yelled, but the occupant of the buggy did not hear and it looked as though there would be a bad accident. The flagman jumped out ahead of the engine just in time to pull the horse back from the track.

Slight Accident on the B. & O.

Yesterday morning the engine and several cars of an extra coal train coming west on the B. & O. road jumped the track near Rosby's Rock, tearing up the track for a short distance. The only damage resulting was the delay of traffic.

The Evolution of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Company only. For sale by all leading druggists.

FINE SUITS—THE HUB CLOTHIERS.

At The Very Top!

If you're up or down our way to-day look in our big Market and Fourteenth street window and see that array of

\$10 and \$12 Men's Suits.

They're the product of years of experience. To quote an old saying, "There's plenty of room at the top," but it's because there are so few to occupy it. No house that has to pay the manufacturer a big profit on account of their inability to plank down the spot cash for large quantities can afford to sell such Suits for \$10 and \$12. Many a man we used to sell \$20 Suits to means our \$10 and \$12 ones now. That's what a big business and spot cash has done—cheapened satisfaction—made the goods better. Every Suit in the lot is a living witness to it.

Talk about variety—let 'em all toot their horns—even if they have not a fish to sell—every blast helps us—gets folks to thinking—gets 'em to looking—and when you look through their stock and ours, their handful of \$10 and \$12 Suits—and our tablefuls—as many at \$10 and \$12 as others have got at every price—the hunt is over, satisfaction is found—and it's HERE. It don't make any difference to us—you know what a Suit costs. There's no reason why it shouldn't fit. It isn't worthy a moment's consideration if it doesn't, and just as perfectly as the highest price in stock. Unless you're satisfied to keep the Suit we don't want to keep the money.
